
Individuals

1. Whats the size for showpieces in D1 and D2

- Cold food decorations and showpieces are sculptures made of margarine, ice, salt, cut into decorative shapes and forms
- Minimum height 60 cm and maximum 150 cm, including base. Base maximum 80 x 80 x 12 cm
- Display may extend beyond width and length of the base, but cannot exceed the maximum height

2. I would like to know if any supporting wires or others are allowed in the support of art pieces in category D2..artistic arts..which are fully covered or is no support as such allowed in total?

- In D2 wires are allowed as soon they are completely dissimulated. This is only allowed in D2 but not in National show pieces.

3. Can I use the dummy for cake decorating?

- As noticed in the rules
“The exhibition item will only be judged if it consists of food materials. Toxic paints and sprays, artificial materials and decorations are not allowed. Inner supporting materials may be used. The use of moulds is not allowed.
“

4. I registered to compete for D2 category in Marzipan but on criteria explanation it says Decorative Cakes as well. I would like to compete with Decorative Cakes but it was not on the registration list so can I still compete with Decorative cakes when registered on Marzipan category?

You did well. The category you have chosen is ok!
