The organiser will provide bins for organic, plastic and burnable items. All competitors' *mise en place* must be transported and stored in reusable containers, eco-friendly paper and packaging.

The teams are encouraged to use recycled materials wherever possible and avoid the use of unnecessary disposable containers.

Before, during, and after the competition, the teams must appropriately prepare and account for the leftovers, trimmings and food waste reduction.

Water and electricity have to be managed carefully. It is not allowed/permitted or suggested to bring in more material as needed.

Overproduction of food, more than the stated portion calculation, will result in a loss of 5 points in the category "Hygiene and food waste".
